

docs/apps — per-app deep-dive guides (file-by-file)

App README (config//README.md) = business view, code ke paas. YEH folder = developer's file-by-file map: kaunsi file kya hai, kis pattern pe likhi hai, dots kaise connect hote hain, aur har topic online kahan padhe.

App	Guide
production	production/GUIDE.md — the factory floor (biggest app)
expense	expense/GUIDE.md — all the money
accounts	accounts/GUIDE.md — identity + RBAC
inventory	inventory/GUIDE.md — dashboards/access glue
raw_materials	raw_materials/GUIDE.md — cloth stock
tracking	tracking/GUIDE.md — history + identity
storefront	storefront/GUIDE.md — public site
core	core/GUIDE.md — shared kernel

Read order for a fresher: PROJECT_KNOWLEDGE_MAP → LEARNING_PATH → app README → THIS guide jab us app ki file kholni ho.
